

Do It Now

[Isis Ra told me that her Uncle, Clinton Harris Jr., was teaching her this message.]

Do it now, do it today,
Tomorrow is too far away.
Get it done, get it done right,
Don't mind the future. – It's out of sight.

**Out of sight, out of sight – don't mind the future – it's out of sight.
Out of sight, out of sight – don't mind the future – it's out of sight.**

Heal the world now. Heal it today.
There may not be another day.
Little in time, easy and steady.
Opportunity waits when we're ready.

**When we're ready, when we're ready – opportunity waits when we're ready.
When we're ready, when we're ready – opportunity waits when we're ready.**

Time is passing, time is racing,
Time is not the only challenge we're facing.
Time is fun. Time can be rare, an adventure for those who dare.

**Those who dare, those who dare – an adventure for those who dare.
Those who dare, those who dare – an adventure for those who dare.**

Do it for you. Do it for me.
This planet is our one place to be.
Get away, spend a day,
For new beginnings, find a way.

**Find a way. Find a way – for new beginnings, find a way.
Find a way. Find a way – for new beginnings, find a way.**

Do it now, do it today,
Tomorrow is too far away.
Do it now, do it today,
There may not be – another day.
