

Stop the Violence

Stop the guns – stop the violence. We need time to heal
Stop the guns – stop the violence. It's our children that we kill.

We're tired of your lobbies
We're tired of your guns
We're tired of excuses
We were not born – to run.

Stop the guns – stop the violence. We need time to feel.
Stop the guns – stop the violence. It is people that we kill.

We need education
We need a future for all
We need no more bullies
To make us stumble and fall.

Stop the guns – stop the violence. We need time to heal.
Stop the guns – stop the violence. It's our children that we kill.

We're tired of your prisons
We don't like what we've become
We need peace and freedom
We need to stop the guns.

Stop the guns – stop the violence. We need time to feel.
Stop the guns – stop the violence. It is people that we kill.

How many people have to die - How many people have to cry
How many people live in hell - Because guns made someone cry.

How many people have to die - How many people have to cry
How many people live in hell - Because guns made someone die.

Stop the guns – stop the violence. We need time to heal.
Stop the guns – stop the violence. It's our children that we kill.

Stop the guns – stop the violence. We need time to feel.
Stop the guns – stop the violence. It's our future that we kill.

Stop the VIOLENCE !!!
