

Where is Peace ?

[I sang mostly Peace songs for an audience near Fort Dix, not knowing that I was singing to an audience of mostly soldiers. When I found out, I apologized for not having sung more of a variety of songs. One of the soldiers took me aside and said, "Who would want Peace more than we?"]

*Don't just talk the talk – we must walk the walk,
Find Peace – we've got to find Peace.
Don't just make a start. Find it in your heart.
Find Peace – we've got to find Peace.*

**"Where is Peace?" said the hunter. "Where is Peace? I need Peace."
"Where is Peace?" said the fisherman. "Where is Peace? Let me find Peace."**

Everyone has his own idea.
We all need the same thing.
We all need to talk to everyone
To find Peace. – We've got to find Peace.

**"Where is Peace?" says the artist. "Where is Peace," says the art she paints
"Where is Peace?" say the children. "We need Peace like we need the rain."**

**"Where is Peace?" said the leader, "Where is Peace?" said the one who is led.
"Where is Peace?" said the refuge. "Without Peace life is so bad."**

Everyone has his own idea.
We all need the same thing.
We all need to talk to everyone
To find Peace. – We've got to find Peace.

**"Where is Peace?" said the singer. "Where is Peace?" said the writer of songs.
"Where is Peace?" said the soldier. "Without Peace things go wrong."**

*Don't just talk the talk – we must walk the walk,
Find Peace – we've got to find Peace.
Don't just make a start. Find it in your heart.
Find Peace – we've got to find Peace.*

We've got to find Peace.
